Egypt has many famous and interesting museums. There are new and ancient museums in Egypt, but I prefer the ancient ones. I visited the Textile Museum in Cairo. I liked it very much. You can see many works of art there. The museum has lots of clothes from different times in history.

I thought the clothes from Ancient Egypt were fantastic. You can know a lot of information about life in the past from the statues there. My favourite thing was the Islamic area, where you can see different kinds of calligraphy. I took a lot of photos there. I really enjoyed my time. It was a fantastic visit.

### Paragraphs

#### 1- A review of a museum I know "The Museum of Modern Egyptian Art"

Last week, I visited the Museum of Modern Egyptian Art. It is in Cairo. It's famous for art in Egypt from the 20<sup>th</sup> and 21<sup>st</sup> centuries. The artists were really good. They showed what life was like in Egypt in the past and now. The cartoons were also really cool! I also saw lots of sculptures. My favourite thing was a painting called Al Madina by Mahmoud Said. I recommend it to all my friends.

#### 2- Difficulties that disabled people have

We see disabled people around us. There are blind people who can't see. There are deaf people who can't hear. There are some people who can't walk. They are useful to our country. Some of them do important jobs. Try to help disabled people. Do not leave bags on the floor on public means of transport. Tell a blind person about objects on the street. Shout at a person if you think they can't hear you. Ask a person in a wheelchair if they need help. We should all treat them as normal people like us.

#### 3- A review of a film I have just watched "Jurassic World" (Azhar)

I watched a film called "Jurassic World." It is an adventure film. I think the action is exciting. But, in my opinion, the story isn't very interesting or new. I recommend this film if you like exciting and scary films.

### Paragraphs

#### 1- How to keep our environment clean

There are many environmental problems that we should face. The main problems are water and air pollution and climate change. There's a lot of air pollution from the traffic in cities and this is very unhealthy. Trees are good for the environment and help reduce air pollution, so we should plant more trees. We should recycle old mobile phones. Green inventions are environment-friendly. These inventions present solutions to environmental problems without damaging the environment.

#### 2- Activities I want to do in the future

There are many exciting activities that I can do in Egypt. I want to go diving in the Red Sea. The coral reefs there are wonderful. Although diving is a bit scary, I want to try it. I want also to go on a hot-air balloon. I think the view from the top will be fantastic. I think it's dangerous but I'd like to try it one day. I hope I will try bungee jumping. I think it's the most dangerous activity. This activity isn't suitable for people who are afraid of high places.
